I wish you all good luck.

Conversations and Adventures

His eyes were dark, hawkish in their piercing stare. Alberte, Randall S.

The Kings Rifle: A Novel

In a complex theoretical framework related to the role of territories in global competition, this research has been developed with the hypothesis that the dual aspects at hand are closely linked: territories reach out the traditional borders of regions and States because of economic and cultural exchanges, and territories also consolidate and centralize functions and activities in the local space.
